

ABOUT US

Located in Kensal Rise, The Lexi is a much-loved neighbourhood cinema.

Since we opened in 2008, we've seen around 400,000 visitors come through the doors, added a second screen and continued our commitment to donating 100% of profits to charity. We also run an extensive programme of community and outreach screenings.

Recently refurbished throughout, our new look has featured in Wallpaper Magazine and Conde Nast. And it's award winning: we won a prestigious Red Dot Design Award in 2022, and our Screen 2 / Lexi Hub build won a Civic Award in March 2023 as a stunning looking, sustainable build with a huge social impact.

We are London's only social enterprise cinema and have a unique relationship with the Sustainability Institute near Lynedoch in South Africa. The cinema offers a bridge via financial support to the institute in exchange for ongoing support, advice and guidance on making the cinema as green and sustainable as possible.

The Lexi is a cinema with purpose.
