MAIN FEATURE

DUNKIRK

Christopher Nolan's (*Interstellar*, *The Dark Knight*) heart-stopping retelling of the evacuation of Allied-occupied France opens the race for 'Best Picture' Oscar!

"It isn't a standard war movie, but it sure is some beautiful, difficult thing." BuzzFeed News; *"It is hard to imagine a better tribute to this victory of survival than Nolan's spare, stunning, extraordinarily ambitious film."* The Atlantic; *"A tour de force of cinematic craft and technique, but one that is unambiguously in the service of a sober, sincere, profoundly moral story that closes the distance between yesterday's fights and today's."* NY Times; *"Nolan's apocalyptic war epic is his best film so far."* ★★★★★ Guardian

CAPTAIN UNDERPANTS

This raucously subversive comedy tells the story of two overly imaginative pranksters named George and Harold, who hypnotize their Head Teacher into thinking he's a ridiculously enthusiastic, incredibly dim-witted superhero. This is massive fun for all ages! ★★★★★ Guardian

SPIDER-MAN: HOMECOMING

"This is a loose, cool, funny remix that makes the characters feel fresh once again." Empire

Nomad presents: THE LION KING in Queens Park Enjoy the full hakuna matata experience under the stars, in the park. Tickets on the door or from www.wherethenomad.com.
