## MAIN FEATURE

### THE KINDERGARTEN TEACHER

This is probably the only movie about a poet that ends with the crescendo of a thriller! Kindergarten teacher Maggie Gyllenhaal becomes obsessed with nurturing the talent of a precocious 5 year old at all costs. Gyllenhaal's subtle, complex and intelligent performance underpins this intense, shape-shifting psychodrama. "A brilliantly observed ethical pretzel about a poetically gifted kid."

★★★★★ Guardian

### Lexi staff pick: CAPERNAUM

This Cannes Grand Jury Prize winner tells the story of 12 year old survivor Zain, who flees his callous, neglectful parents only to find his new life in a shanty town is even more precarious. Working with a non-professional cast, director Nadine Labaki allowed them to improvise according to their own life experiences, producing a towering film which is both heart-breaking and uplifting. "A film that already feels like a landmark" ★★★★★ Telegraph

### TEDDY PENDERGRASS: IF YOU DON'T KNOW ME + live Q&A

LEXDOX

Director Olivia Lichtenstein brings back her film about the magnetic R&B star who paid a high price for bucking the system.

### THE PONDS + live Q&A
