MAIN FEATURE

EVERYONE KNOWS

Javier Bardem + Penelope Cruz, directed by Asghar Farhadi (*A Separation*); we almost feel like we need say no more! Here goes, though: a rare trip home to celebrate a family wedding goes desperately wrong when Laura's (Cruz) daughter disappears. It shows all the hallmarks of a kidnapping, with striking similarities to a previous kidnapping in the village, but the more we learn about the fractured relationships of the key players, the less we know. "This is a film of towering emotion" ★★★★★ RogerEbert.com

BORDER

This adult fairy tale will tickle and challenge in equal measure, but it's impossible not to fall in love with unusual heroine Tina. "Thrilling, unpredictable, and brilliantly acted, *Border* offers a singular treat." ★★★★★ Rotten Tomatoes

MAIDEN

LEXDOX

If this true account of a dangerous and heroic round the world journey by all female boat Maiden had been written as fiction, no one would have thought it credible. Don't miss it!

THE PONDS – last chance to dive into this North London phenomenon.

THE FAVOURITE
