MAIN FEATURE

ONCE UPON A TIME IN HOLLYWOOD

"Quentin Tarantino returns, refreshed, with this funny, beautiful period piece, wrapping his story's loopy laces around movie lore and history, and mixing life and art into a cool, wild collage." Common Sense Media ★★★★★ Guardian

PAIN AND GLORY

"Bittersweet perfection from Pedro Almodóvar. Antonio Banderas gives the performance of his career as a fictional stand-in for the Spanish director in a... richly satisfying work from a film-maker whose love of cinema, in all its pain and glory, shines through every frame." Mark Kermode's ★★★★★ Film of the Week

NT Live: FLEABAG

"Filthy, funny, snarky and touching." ★★★★★ Daily Telegraph "Witty, filthy and supreme." ★★★★★ Guardian We think that all paraphrases as "unmissable," and in case you haven't already got tickets, we've just added a third 'Encore' show on Sat 5 Oct at 15:00 .

MARGARET ATWOOD: LIVE IN CINEMAS

With exclusive readings from the long-awaited sequel to modern classic *The Handmaid's Tale*, Atwood launches *The Testaments* in the company of special guests. Beaming live from the NT, this will be an emotionally-charged and intimate event, spotlighting Atwood's signature insight, humour and intellect.

SPRINTER

This award-winning film depicts a side of Jamaican life seldom shown. It tells the story of 'the Rasta Rocket', gifted 17 year old sprinter Akeem who hopes his talent will take him to the US so he can join his undocumented immigrant mother.
